

Why Major in Philosophy at UNO?

If you want to go to law school, then you must do well on the Law School Admission Test® (LSAT).

- The LSAT assesses analytical reasoning skills:
 - recognizing , reconstructing, and evaluating arguments
 - making valid inferences
 - recognizing logical equivalences
- Logic, which is a core subfield of Philosophy, is devoted entirely to developing analytical reasoning skills. Since only Philosophy majors are required to study logic, Philosophy majors score higher than **ANY** major on the LSAT.
- Since lawyers, like philosophers, must master analytical reasoning both verbally and in writing, the **B.A. IN PHILOSOPHY, PRE-LAW CONCENTRATION** is an excellent major if you plan to go to law school to earn a J.D. (*Juris Doctor*).
- **EVERY** Philosophy major at UNO gets \$3,000 **AND** is eligible for additional department scholarships and awards. Few programs in any discipline anywhere offer this much financial support to its majors. Being a Philosophy major at UNO pays ... literally!
- The B.A. in Philosophy at UNO can be completed online, which also makes the Philosophy program at UNO one of the few of its kind anywhere.
